What the Press Agent Has to Say of Present and Coming Attractions.

**Orpheum—Thursday-Friday.**  
For this change we have been fortunate enough to secure the wonderful four part French drama "Richelleu" produced by the Bison company.

Murdock MacQuarrie the greatest character actor on the screen today plays the part of Richelleu while Miss Pauline Bush has the role of Julie de Mortimer his ward.

The drama is one of court intrigue and replete with splendid situations. Wonderful photography, an exquisite coloring in costumes and scenery, tense situations and stirring climaxes all combine to make this one of the best features of the day.

Julie, the cardinal's ward, resents the king's attentions because she is in love with De Mauprat. Beradas who also loves Julie works up a conspiracy against the king and the cardinal and draws De Mauprat into it. De Mauprat and Julie wed and Beradas poisons his car and makes him believe the cardinal has tricked him. De Mauprat vows to kill the high church dignitary. In the final reel comes a series of absorbing scenes. The conspirators are outwitted and the lovers reunited. Thus one of the greatest dramas of French history plays itself out to a happy ending.

## Pastime Today Only.

The feature picture for today only is "The Blue Flame" a two-part serial drama with Stella Razeto and Guy Oliver in the leading roles. This is a cleverly acted and well produced picture and one we are sure will please.

"Broncho Billy Rewarded," a western drama featuring G. M. Anderson.

"Meeting Mr. Jones," and "Our Home Made Army" are two laughable Biograph comedies.

Coming Thursday and Friday, Alice Joyce in "The Girl and the Stowaway," also Mary Pickford in "The Song of the Wildwood Flute."

**Goat Circus at the Cosy Tonight.**  
Bulger's Goats, five in number, will make you laugh tonight in the irresistibly funny act, "Circus Day in Squashville." "Tuffy," the goat with the human brain, being without doubt one of the best trained animals in the country. The goat circus is furiously funny.

Carless Corlies, comedy cartoonist, in 15 minutes of chalk fun, will also make you laugh with his funny pictures.

Duke & Maxwell, novelty marble statue posing, have a beautiful act and one that is a rare treat and is something unlike anything heretofore seen here.

Two reel Reliance, "A Woman Scorned," is a story of police work in a great city and features a big explosion of nitroglycerine.

Mutual Weekly No. 24 contains many items of the European war.

"Lover's Post Office," Keystone comedy in which "Fatty" wins his girl after a terrible time with her irate dad and persistent rival.

## QUIT MEAT WHEN KIDNEYS BOTHER

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY.

So man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scaling, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

## SWISS TAKE DRASTIC METHODS TO PRESERVE NEUTRALITY

This photograph shows a barricade erected between Basel and St. Ludwig to prevent the encroachment of the troops of any of the warring nations on Swiss territory.

Not only have the Swiss erected barricades across the main roads leading across their borders but their troops are on

constant patrol duty to give warning at the first indicated intention to violate the neutrality of Switzerland. Although several pitched battles have

been fought within a few miles of the Swiss frontier as yet no fighting men of other nations have set foot on Swiss territory.

## ROTTERDAM UNABLE TO HELP

ROTTERDAM, Nov. 11.—A full page appeal for funds appears in the Hamburger Fremden blatt under heading, "Friends of Humanity, Help!"

The appeal is surrounded by a heavy band of black. In asking for urgent subscriptions for the unemployed in the city, it says: "We have daily about 10,000 applications for relief. These include artists, civil engineers, architects, business people and independent laborers who have been hit by the war, and from these we can only pick the most deserving and help a comparatively few each day."

"This committee at the moment can only deal with less than a fifth of those who apply personally, and they say that in most cases the families consist of at least four, and frequently more, children. The association is trying to deal with those seriously threatened with starvation, but with food and bodily necessities of all kinds."

## FOREST GROVE HOTEL GUESTS DRIVEN OUT

FOREST GROVE, Ore., Nov. 12.—Guests of the Laughlin hotel were driven to the street Monday morning, some in scanty clothing, by a fire which gutted the upper story, entailing a loss of several thousand dollars. Manager Roark barely had time to slip on a raincoat and get out of the building.

The exact cause of the fire is not known, but it is believed it started in a defective flue in the attic. The roof was ablaze before the alarm was given, and the fire was under good headway by the time the firemen arrived.

The hotel was constructed by E. A. Jerome, an architect and builder now living in Baker, for Bedford H. Laughlin, in 1903. It was valued at about \$10,000, with \$2000 insurance. Manager Roark came here in the summer from Sheridan and had built up a good business. Recently the hotel was renovated and repaired. The insurance will not cover the loss.

## Actual Cotton Moving.

NEW ORLEANS, La., Nov. 12.—With southern spot cotton markets showing advances in price the attention to the increasing foreign demand for actual cotton, which had been interrupted by war. It was said foreign spinners now were better buyers than were domestic manufacturers.

England recently has been greatly increased its takings of American cotton. Imports of cotton by Liverpool amounted to \$3,619 bales, of which 32,033 bales were American. A better continental demand also is evident and it was reported today that cotton in Germany was bringing 18 cents a pound. Total exports thus far this week are in excess of the corresponding period last week.

## Long War Predicted.

LONDON, Nov. 11.—At the lord mayor's banquet Premier Asquith and War Minister Lord Kitchener again predicted a long war in Europe and the latter called more urgently for volunteers.

## WHEAT HAS REACTION

Chicago Wheat Market Is Down 5-8 to 3-4 at the Close; Good Gains Made Early.

CHICAGO, Nov. 12.—A break of 5-8@3-4 in wheat from the closing price of Tuesday, following an early bulge caused bottom quotations. There was a natural bull market the first hour based on confirmation of very heavy export business in all positions Tuesday and a renewal of export demand in most markets. One big Chicago exporter bought 500,000 bushels in December early in the day against late export sales. The trade and the public got long on the early advance on legitimate bull news and then came the cable rumors of peace negotiations between Germany and Russia. Although this seems very improbable the trade was in a state of mind to get quickly on such talk.

A decline of 1-2c from the close indicates a stubborn corn market, taking the break in wheat into account. Bottom for December was 68c and a split under 71 1-4c for May. County offerings of new corn are lighter than expected and below normal for the season taking fine quality and fine weather into account. One local house sold 100,000 bushels of new corn for export about noon today.

Following the action in wheat and corn, oats advanced to 49 5-8c for December and close to 53 3-4c for May the first hour.

Dec.—Open, 115 1-2; high, 116 3-8; low, 114 3-8; close, 115 1-4 A.  
May.—Open 122 1-2; high, 123 3-8; low, 121 1-8; close, 121 7-8B.

## Hidden Wireless Is Found.

WASHINGTON, Nov. 12.—Secret service men and navy radio experts seeking hidden wireless stations, supposed to be violating American neutrality have found a hitherto unknown station at Ensenada, Lower California, not far across the United States boundary.

Officials believe word of the impending investigation, which was determined upon two days ago, must have got to the station quickly as the radio experts reported it had not been talking for the last 24 hours. The United States authorities, of course, have no jurisdiction over a wireless station on Mexican soil.

## ELECTION OFFICIALS COOKED OWN MEALS

HOOD RIVER, Ore., Nov. 7.—The only Democrat in Hood River to win out for office in the recent county election was Dr. V. R. Abraham for coroner, who polled a larger vote than United States Senator George E. Chamberlain. The county salary measure passed at the last session of the state legislature and vetoed by Governor West, and which was referred to the voters of the county by the grand-

ees of the valley, was carried by about 1000 majority. The reduction in salaries will save the county over \$1000 annually. The election board of the Waucoma precinct sprung an innovation by taking six fried chickens, furnished by the men, and the women took coffee, etc., and installed electric plates in the voting place, and ate their meals in the building. In the counting of their votes they held the record for the county averaging about 25 ballots an hour.

## Gift Money Diverted.

EUGENE, Ore., Nov. 11.—Eugene clubwomen have joined a movement, originated by the Eugene War Relief Association, to divert to European sufferers the money otherwise spent for unnecessary Christmas giving. The members of the Fortnightly Club have voted \$150 to be given directly to charity, and named a committee, to consist of Mrs. F. G. Frink, to receive from the members individual sums which will go to the War Relief Association as additional contributions from the Fortnightly Club.

The Eugene War Relief Association, organized last week, is having cards printed as a substitute for Christmas presents among the "grown-ups."

## PLENTY OF MONEY; SLEEPS IN DEPOT

PALESTINE, Or., Nov. 11.—Because she insisted on sleeping in the Oregon Electric depot, although she had \$1027.50 on her person, Emma Lawrence, age 55 years, was placed in the city jail here. Besides the money all of which except \$2.50 was in gold she had a number of small pieces of jewelry, watch chains, rings, keys, pencils, some silk waists, cushion covers and several other articles concealed in a double skirt she wore. She had tax receipts issued at Seattle dated July and September, 1909, and a receipt from the Owl Realty and Employment agency at Seattle, issued August 23, 1911.

In explanation of her desire to sleep in the depot, she declared that she preferred it to remain in the lodging house. It is said that she has been sleeping on a bench in Willson park for several nights.

The police express the belief that the woman is unbalanced. They are making an effort to locate her relatives.

## FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.
